## NEW MILLING RECORD MADE TONOPAH EXT.

11,535 Tons of Ore Were Sent  
to Plant During Month  
Drawn to a Close.

### BULLION OUTPUT INCREASED

Property is in Great Physical  
Condition and Large Reserves  
of Ore Are Showing.

The Tonopah Extension Mining  
company established a new record  
during March for tonnage produced  
and sent through the milling plant.  
Official figures given out today show  
that 11,535 tons of ore were pro-  
duced. During the month there was  
shipped 56 bars of bullion, having a  
total weight of 120,980 ounces and  
a gross value of \$140,000. The last  
shipment consisted of 25 bars, weigh-  
ing 62,250 ounces and having a value  
of \$74,000, which covered the last  
15 days of March.

The showing on this property is  
up to expectations and the manage-  
ment is well pleased with develop-  
ments that have followed during re-  
cent months. The output promises  
to be augmented from month to  
month until the big milling plant  
will be operating at extreme cap-  
acity.

The official report, covering the  
seven-day period ending Friday,  
April 7, follows:

#### McKane Shaft.

"1200 level—1203 crosscut was con-  
tinued in Extension broccia.  
"1540 level—Work was continued  
on the transformer station; also on  
the sump.

#### Victor Shaft.

"1600 intermediate level—Stopping  
is in progress on Merger vein.

"1680 level—1605 raise advanced 27  
feet on 2 feet of good grade ore, and  
holed to the intermediate level. Stop-  
ing is in progress on Murray vein.

"1760 level—1701 crosscut was con-  
tinued in West End rhyolite. Stop-  
ing is in progress on Murray, An-  
chor and Merger veins.

"1880 level—1802 east drift, An-  
chor vein, advanced 26 feet on 3  
feet of ore. 1802 west drift, Anchor  
vein, advanced 26 feet of 3 feet of  
ore. 1806 east drift, Murray vein,  
hanging-wall branch, advanced 26  
feet on low grade ore. 1806 raise,  
Murray vein, hanging-wall branch,  
advanced 21 feet on a full face of  
ore of a very good grade. Stoping  
is in progress on Anchor, Murray  
and Merger veins. Development, 177  
feet.

"Tonnage milled in March was  
11,535, which is a new record for the  
company."

#### Cleanup Day.

This will notify citizens of Tono-  
pah that cleanup days this year will  
be on April 11, 12 and 13. All res-  
idents are requested to rake up the  
debris in their yards and place same  
in piles conveniently located, that it  
may be removed by trucks on the  
days in question.

O. H. SMITH,  
Chief of Police.

#### NOTICE TO WATER CUSTOMERS

All persons having gardens or  
lawns and desiring to take advan-  
tage of the special rate authorized  
by the public service commission  
should make application to the water  
company in writing on or before  
April 24th.

The rate is applicable between  
April 24th and October 24th.

(Signed) WATER COMPANY OF  
TONOPAH.

## MISCONCEPTION STATUS HAWAII COMES SURFACE

(By Associated Press)

HONOLULU, T. H., March 12—  
(By Mail).—Another misconception  
of the status of the Hawaiian ter-  
ritory as a part of the United States  
came to light here with the receipt  
of a communication by a local bank  
from the collector of internal reve-  
nue at Washington, returning a  
check on the bank, "because the Ha-  
waiian Islands are not in the United  
States."

The commissioner's letter request-  
ed that "the matter be adjusted at  
once," and called attention to the  
fact that a check for any obligation  
to the United States must be "paid  
at par."

The bank's reply, after comment-  
ing on the fact that many financial  
institutions, especially along the At-  
lantic coast, have attempted to  
charge as high as 10 per cent ex-  
change on checks payable in this  
territory on the ground that Hawaii  
is "a foreign country."

"When we have pointed out that  
Hawaii became a part of the United  
States by act of congress in the year  
1898, they have usually been willing  
to cash said checks at par," the let-  
ter said, adding that the war risk  
insurance bureau and the alien prop-  
erty custodian "have accepted our  
checks at par for years."

The incident was similar to the  
experience of a Honolulu woman who  
attempted to cash in Baltimore a \$25  
check on a Hawaiian bank. The  
clerk advised her not to try to cash  
the document on the ground that the  
"exchange would be \$12 or \$13."

"You know, Hawaiian currency has  
depreciated considerably since the  
war," he added, sapiently.

Another person, residing in Kan-  
sas City, also is ignorant of the fact  
that Hawaii is not a foreign coun-  
try, but part of the United States,  
according to a letter received by a  
florist here who advertises on the  
mainland.

"I am a stamp collector and would  
like to know whether you would  
send me some stamps used in those  
islands," the Kansas City man wrote.

The florist sent two two-cent  
stamps, with a note that they had  
been purchased "at the postoffice,  
Honolulu, Territory of Hawaii, which  
contributed millions of dollars in fed-  
eral income and other taxes to the  
support of the United States annual-  
ly."

#### WANTED—BIDS

for the following work: Setting  
poles on 2 1/2 miles of power line;  
furnishing wire, insulators, cross-  
arms and installing same; poles will  
be furnished on the ground; pole  
holes will be dug. For specifications  
write Arthur S. Putney, Manhattan,  
Nevada.

A4-51.

## TONNAGE FROM WEST END IS MUCH HEAVIER

Production During March Was  
Increased Most Substan-  
tially, Says Report.

### MINES IN SPLENDID CONDITION

Total of 2100 Tons of Ore Was  
Mined and Milled During  
the Week Just Ended.

The West End Consolidated Min-  
ing company is making a splendid  
production, but the pinnacle has not  
yet been reached by any means. Dur-  
ing the last half of March a prod-  
uction of 87,700 ounces of bullion re-  
sulted, which consisted of 43 bars,  
having a value of \$93,138, or a total  
for the month of 88 bars, weighing  
138,100 ounces, and worth in round  
numbers, \$149,138.

Tonnage is being increased from  
this property from week to week and  
during the seven day period ending  
Saturday morning, April 8, 2100 tons  
were handled at the milling plants  
of the company and the MacNamara  
Mining and Milling company. The  
official report follows:

"From the West End shaft work-  
ings, raise 404 C reached the hang-  
ing-wall and has been discontinued.  
Drift 540 has been started on a hang-  
ing-wall vein showing fair values.  
Raise 551 made a connection with  
the 400 level. Drift 659 A advanced  
on a good face of ore. Raise 648  
has been driven ahead in ore of fair  
grade. Raise 680 No. 5 made fair  
progress with no change. Crosscut  
683 A made fair progress with no  
change. Drift 970 advanced the us-  
ual distance with no change to re-  
port.

"From the Ohio workings, inter-  
mediate drift 510 made fair progress  
on low grade ore. Drift 536 No. 1  
advanced on a good face of ore.  
Drift 642 No. 1 made a small advance  
on low grade ore. Drift 549 No. 8  
made fair progress with no change.  
Work in Drift 577 No. 1 has been  
discontinued and stoping operations  
started. Crosscut 614 made fair  
progress with no change to report.  
On the 800 level, crosscut 802 is in  
rhyolite. Drift 848 No. 2 made fair  
progress on ore of good grade. Raise  
871 made the usual progress with no  
change. There are no changes to  
report in Tonopah "76" round, regu-  
lar work being performed.

"Tonnage and grade of ore was  
normal with production of 2100 tons  
for the week."

## NEW DIVIDEND IS PRODUCING GOOD TONNAGE

Shipments Started from Divide  
Property to the Tonopah  
Belmont Plant.

The New Tonopah Dividend Min-  
ing company started shipments of  
ore today, the product being sent to  
the Tonopah Belmont mill. The out-  
put for the present will consist of  
about 40 tons daily, and as a result  
of the activities of the company the  
Divide district will be benefited in  
a material way.

This ore is coming from the 200  
level of No. 2 shaft, and the shoot  
has been exposed for a good dis-  
tance in the east drive. The vein  
parallels the one explored in No. 1  
shaft on the 800 level and the values  
contained are expected to result in  
a good earning for the treasury of  
the company.

A 20-ton ore bin has been con-  
structed at No. 2 shaft and every-  
thing is now in readiness for en-  
larged operations. E. F. Callahan,  
managing agent of the company, is  
expected to arrive in Tonopah Mon-  
day morning from Los Angeles to  
look after matters in connection with  
the corporation.
